Dear Players

Whilst visiting your web site I read with interest the Rose Bowl critique.

I was a member of the audience that same evening and fail to comprehend the comments made by the adjudicator.

I would like to congratulate the whole cast for a first rate performance. I thoroughly enjoyed the show and thought the girl who played Annie was simply amazing, her singing voice was fantastic. I was not alone in my thoughts as this was the consensus of opinion during the interval.

I also thought on the night what clever scenery transition, I acknowledge that a few times it probably took a little longer but it never detracted from the whole performance.

Well done to all of you.

Sharon L

A delighted & satisfied member of the audience and hope to see many more productions.
