## *A note from the director...*

Thank you so much for coming to see our 70<sup>th</sup> Anniversary Showcase. Around a year in the making, this show celebrates everything Hanham Players has done within those seven decades.

In creating this show, the pleasure has been all mine. Celebrating my own ten years at Hanham Players, I feel it a great honour in being tasked with creating the groups 70<sup>th</sup> Anniversary Showcase. We've had huge fun reliving some memories, re-staging some of our favourite bits, and trying to re-learn long forgotten songs!

Prior to rehearsals we held a special reunion for old cast members. This was a wonderful evening of fun, laughter and memories. This is the first show in our history to utilise video projections during the show –allowing past members not able to be part of our 70<sup>th</sup> Anniversary, to still get involved. The involvement of these members has been a real treat, and technically makes this one of the largest casts we've ever had in a single show!

My personal thanks goes to the following people for their invaluable help: to Charlotte - for helping direct and run rehearsals when I've not been present, and for being a general mine-of-information. To Ria for recording, editing and creating the video portions of the show, to Kevin for designing our set and making us all look good, and to anyone who gave me old photos, programmes and anecdotes.

However, my biggest thanks must go to the entire cast and crew – not only for this show, but for the last 70 years!

We are a charity drama group, and everyone you see here gives their time for free. We simply would not, and cannot exist without these dedicated members, and without you audience members supporting what we do. Thank you.

We're always on the lookout for new members – any age, any skill, any experience. If you like what you see, please ask a member of our team for details.

Enjoy the show
