The tale to be told is based in the land of Greenvale where all is well, and the plants grow because they are protected by the presence of Stuart the Rabbit. We join the villagers about to celebrate the King and Queen's 40th Anniversary, and see the arrival of the new cook Dame Gertrude Lush and her son Simple Simon. But all is not well – Reggie Tarian (the baddie) and his henchmen Cauli and Flower are trying to work out why their land is barren with no crops while Greenvale is blooming.

Simple Simon encounters a pie man and lets slip the secret of the Greenvale – and (needless to say) Reggie captures Stuart and takes him to his evil hide out. But with the help of Wilja, a forest spite (the goodie), the villagers get Stuart back and all is well again – except for Reggie and his mates.
